

### Session Fees - Portraits

1 Hour Session with Danielle: \$150

All clients pay a session fee to commission Danielle for her time and talent. If your order is placed **before it is set to expire**, clients will receive a promo code for \$50 off their total in their cart at time of checkout.

At this time, Danielle Luc Photography does not offer discounting outside of any noted promotions. Danielle will travel up to 30 miles/each way before mileage is charged.

### What's included?

Custom Portraiture is obviously visually a lot different than what you will find at chain stores, as are the fees associated. When hiring a photographer to do custom work, you are not just paying a "sitting" to commission someone behind a tripod to release the shutter, you are investing in an artists time and talent to capture the subject in a creative light. When a custom photographer finishes a session with a client, there is on average 3-6 more hours of work involved in preparing your custom images and presenting your gallery, and even more time invested in preparing your order, receiving, and delivering it to you.

Your session will start promptly and we will work (play!) until I feel I've got what I came for, typically an hour, but sometimes one half hour is all that I need. Within two weeks of your session, your images will be prepared for you in an online gallery. You will be notified that your gallery is ready, and then choose the week you would like to have it live for viewing and purchasing. You will be presented with guidelines for proofing at the time of your session booking. When you place your order on time, you may apply the \$50 off to your balance due on your order. Ordered Prints come canvas textured in finish and cannot be scanned - please consider one of the digital file purchasing options should you wish to reproduce your images. These are highly sought after and tend to benefit most in terms of the current digital age.

## Booking

I normally book 1-2 months in advance, so please consider this when deciding when to contact me regarding booking. **Space is very limited** as I value my clients and need the time to give the utmost quality and attention to them and their images. There are NO DATES RESERVED until your session fee is ½ paid for. \$75 is required within 5 business days to hold your date – or the date is given to the next client, or someone on the waiting list. There are no exceptions. The remaining \$75 is due on the date of your session before I will begin photographing. The entire amount of \$150 may be made at one time if desired. There are no refunds on Session Fees, and this is explained further in detail at the time of your booking.

For event/group pricing and wedding info – please email me for a full catalog.  
**Danielle Luc Photography is no long photographing seniors,**

Please note that the use of cameras (still and video) other than the photographer's is prohibited during your session.
